Brockenhurst CE Primary, Pre-School & Nursery

'We Enjoy and Excel in the Presence of God'

Strategic Plan for 2025-2030

1. To be the destination school and pre-school of choice for children in our local area from 6 months to 11 years.

We will know we have achieved this by:

- An offer based on a continuous curriculum for all children from 6 months to 11 years.
- Pupil numbers remain competitive through our reputation in the local community.
- Our offer is inclusive, strength based and provides enrichment enabling all children to thrive.

2. To expand local and global partnerships developing citizenship skills in all our children.

We will know we have achieved this by:

- Feedback from the wider and international community recognises the commitment and contribution made to the partnerships by the school and pre-school.
- Our children develop their awareness of others and want to make a difference.
- Firm links are in place with communities in Rwanda and New Zealand.

3. To equip our children for the next stages in their learning and skills for life.

We will know we have achieved this by:

- Providing quality first teaching in all areas with rigorous and reflective assessment.
- Our children experience a broad and relevant curriculum whilst developing a love of learning.
- Our children develop resilience through the learning of life skills.
