

STEP THREE

Spelling 1 - 100 MUW List Test

- A) Dictate MUW 1-50 from the list for students to spell on paper. The *italicised* words can be spelt differently according to context. Therefore, you should offer a sentence containing the relevant word to see if the student makes the correct choice.
- B) Mark the words in the *List Test* grid with a tick or a dot and write any negatives (words that have been spelt incorrectly) in the shaded area of the *Control Page* (p.53/54).
- C) Check the 'Before' sentences (p.18/20) and mark the *Sentence Test* grids. Any additional negatives should be added to the same *Control Page*. Avoid adding the **bold** words (see Appendix One) as they are already on the *Control Page*.
- D) Repeat the above for MUW 51-100 and continue overleaf with MUW 101-150 e.t.c as and when necessary.
