

Diving into Mastery - Deepest

Adult Guidance with Question Prompts

Children use their knowledge of division by sharing and grouping to solve word problems. They may use concrete materials, drawings or number lines to help them solve the problems.

How will you solve the problem?

What do you need to do?

Can you write a calculation using the division symbol?

What could you use to help you find the answer?

Can you write a problem like this?

Divide by 2

Solve these problems.

Two children sit at each table.
How many tables do I need for 20 children?

John has 18p in 2p coins. How many 2p coins does he have?

I put 2 sausages on each plate.
I have 12 sausages. How many plates do I need?

How many groups of 2 can I make with 14?

How many 2s are there in 16?

Make up some of your own problems like this for a friend to solve.
