

Lesson 2 – Vocabulary building and sentence writing

Watch the video up until 45 seconds. Explore this picture together. Discuss what is happening and how the fox might be feeling. Look at the nine words and discuss their meaning. Challenge: choose three that you feel summarise the feelings of the fox.

relaxed

upset

cross

hungry

angry

misunderstood

angry

lonely

fearful

Discuss the choices and the reasons for choosing these based on the image. After three have been chosen, write a sentence to go with the picture using each word. Use the conjunction 'because' to explore the thought process further.

For example: *The fox is hungry because it is searching the bins.*
