

Recognising Equal Groups Game

Instructions

1. Grab a handful of counters (coins, socks etc) and count them out.
2. Make equal groups with your equipment and write down the amount of groups you have made.
3. Make as many equal groups as you can – record as you go.
4. When you have finished, compare what you have with your partner.
5. The person with the most equal groups wins the game.
6. Repeat for several amounts. How many can you win?
