

Art/Science task - Wednesday 20th & Thursday 21st May

Today I would like you to think about all the different types of flowers that we can find in our local areas.

I have attached a PowerPoint which goes through different wildflowers. How many have you seen in your garden? Have you seen any on a walk you have had? Which are your favourites?

Task

Over today and tomorrow, I would like you to create a picture of a wildflower garden and go on a wildflower hunt.

It is up to you how you would like to create your wildflower garden. You could draw, paint or create a collage for your wildflower garden. I have attached some images of flowers that you could cut out and use.
