

Paper Plate Sun

Supplies

- Yellow and orange tissue paper, cut up into squares
- Yellow wool or ribbon
- Yellow paper
- One paper plate
- PVA glue
- Sticky tape
- Ruler

- Scissors
- Pencil

- 1 Spread PVA glue thinly all over the paper plate. Then cover the centre of the plate with the squares of orange tissue paper.

- 5 Make a loop out of each yellow strip by gluing the ends together.

- 2 Continue to build up layers of tissue paper, working from the middle out, sticking them down with glue. Also stick lighter shades of orange, then yellow to make a gradual change to yellow.

- 6 Using sticky tape or glue, stick the loops of yellow paper at equal distances around the edge of the paper plate.

- 3 Place the yellow paper landscape, then use a ruler and pencil to draw lines going horizontally along it. Draw the lines from the top to the bottom of the paper, using the width of the ruler to separate each line.

- 7 Use a hole punch to make a hole at the edge of the bowl, between two loops.

- 4 Using scissors, cut along each line; this should leave you with strips of card a ruler width in thickness.

- 8 Thread a loop of yellow ribbon or wool through the hole and tie so that the sunshine can be hung.
