

Art task - Tuesday 23rd June 2020

Oak Haven Hospice has decided to create a rock river. To make this, they have asked for as many different people to paint a rock and donate them.

You will need to find a rock, not too big and not too small ☺. Then paint on a design of your choosing. Try and make them bright and colourful.

I have attached a few images for inspiration but the design is completely up to you. I will let you know later in the week the best way to deliver any rocks you decorate.
