

Subject Area	Time Allocated	Instructions
Mental Maths	15 mins	<p>Answer these questions in your Home Learning book:</p> <p>Count in threes from zero.</p> <p><math>\frac{1}{2}</math> of 30 =</p> <p><math>\frac{3}{4}</math> of 16 =</p> <p><math>55 + 15 =</math></p> <p><math>76 - 29 =</math></p> <p><math>30 \div 5 =</math></p> <p><math>5 \times 4 =</math></p> <p><math>10 \times 7 =</math> (tip – could you swap the numbers around to make it easier to solve this one?)</p>
Maths	45 mins	<p>L.O: To name and describe 2D shapes.</p> <p>Please complete the attached work on 2D shapes. A video recap is available here: <a href="https://vimeo.com/428007654">https://vimeo.com/428007654</a></p>
Spelling	15 mins	<p>Practise your spellings on Spelling Shed.</p> <p>For the next few weeks we will be focussing on the year 2 Common Exception Words. The expectation is that by the end of year 2 children are able to read and spell these. I have attached a copy of these, and set assignments to on Spelling Shed that will not expire until the end of the year. I have also attached a document that includes a range of strategies for practising spellings, so that you can do some on spelling shed and some by hand.</p> <p>I would recommend you try writing all of these words over the next week, to check which ones you find most tricky.</p>
Reading	15 mins	<p>Read your reading book (or one from Oxford Owl). Re-read any parts that don't quite make sense.</p>
Writing	30 mins	<p>L.O: To describe.</p> <p>Today we will be looking at all of the different animals we might find in the New Forest. Draw some into your home learning book and write a sentence to describe them. Are they nocturnal? Do they live in the trees? What do they look like?</p>
Geography	1 Hour	<p>L.O: To compare continents</p> <p>Look through your continent fact files that we have been working on.</p> <p>I would like you to choose 2 of them and compare them. Use the attached venn diagram to help you compare.</p> <p>Do they have any similarities?</p> <p>What are their differences?</p> <p>You could look them up on google maps too, to see where they are in relation to each other and other continents.</p>
