

English

Thursday 9th and Friday
10th July 2020

LO: I am learning to write a short narrative in the first person, composing each sentence orally before writing it.

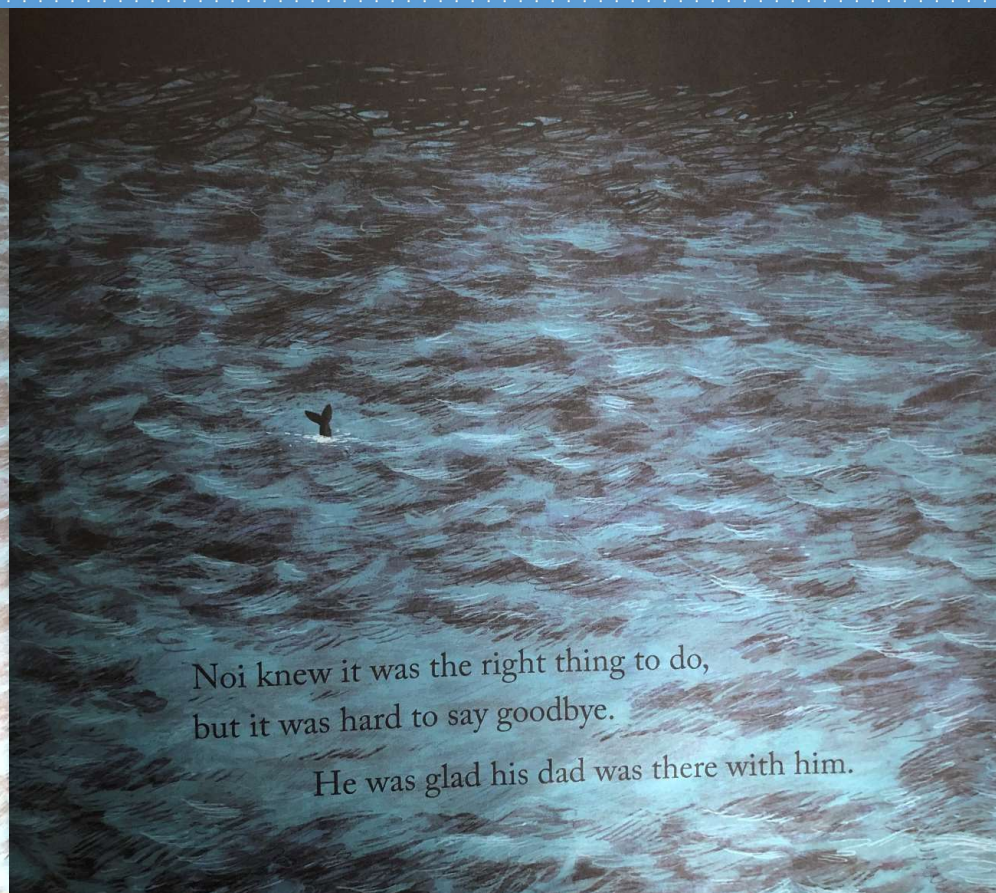

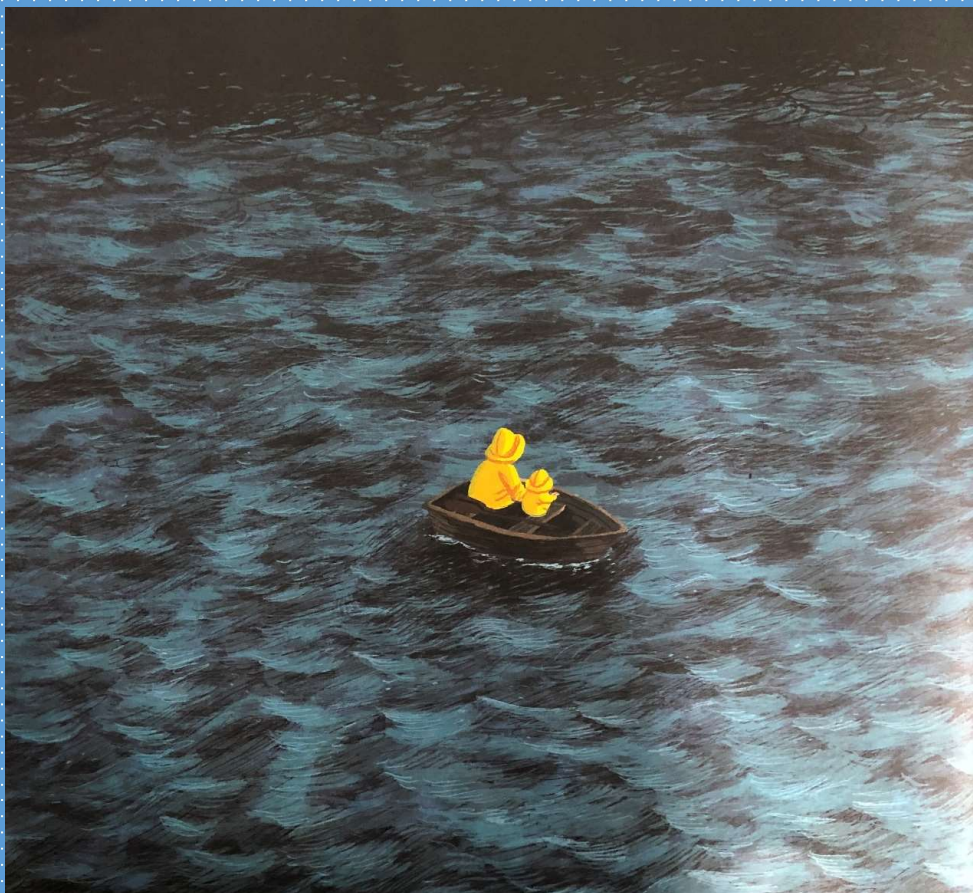

'The Storm Whale'

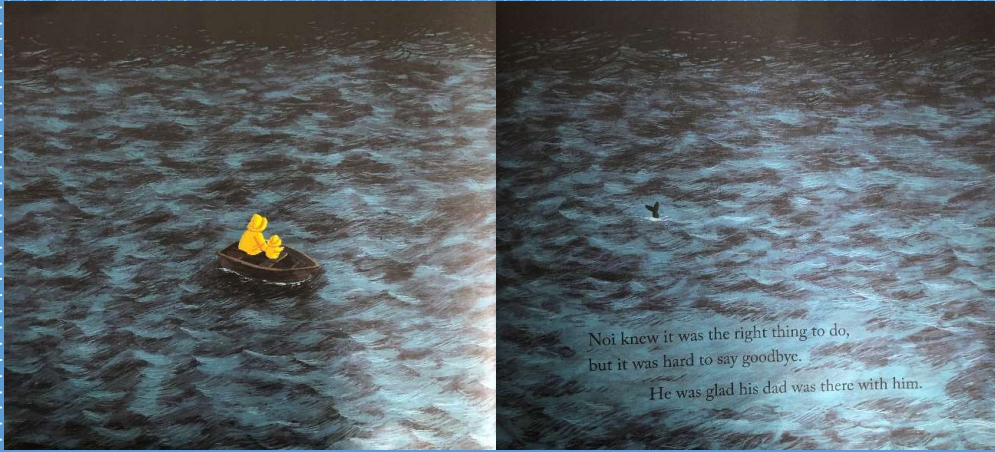

Noi's dad wasn't angry.
He had been so busy, he hadn't noticed
that Noi was lonely.

But he said they must take the whale
back to the sea, where it belonged.

Today we are going to focus on the journey Noi and his Dad went on to take the whale back to sea so it could join it's pod.

We are going to use our vocabulary and ideas from yesterday to write about their journey.

We are going to write from Noi's point of view.

What does this mean?

First person

Let's look at how we can make our piece of writing successful.

Task

Over today and tomorrow we will be using your ideas from yesterday, let's start composing our ideas.

Could we include some different sentence types?

It was a grey, drizzly day when dad and I decided to take the whale home.
