

Invention Design

Draw an illustration of your final invention below. Make sure you label it with any extra, necessary details, which will help us to understand how it works. This can be referred to during your pitch or passed around among the audience.

Product name: _____ Company name: _____

A large grid of 20 columns and 20 rows, intended for drawing an invention. The grid is composed of small squares, with thicker lines forming a 5x5 grid of larger squares. The grid is currently empty.
