

# What to do today

*IMPORTANT Parent or Carer – Read this page with your child and check that you are happy with what they have to do and any weblinks or use of internet.*

## 1. Make some strange sentences

- Read *Strange Sentences*. Can you work out how they have been made?
- Write your own alphabet sentences. Each new word starts with the next letter of the alphabet. You can start anywhere in the alphabet and your sentence can be as long or short as you want.
- Make an illustration for one of the sentences.

## 2. Play Categories

- Choose a number between 1 and 15. Count that number of letters along this sentence to choose a letter.
- Think of examples beginning with that letter for each of the *Categories*.
- If you have someone to play with then set a timer for three minutes and complete a copy each. Score one point for every example that you have thought of that they didn't write.
- You can play more games of Categories online here:  
<https://swellgarfo.com/scattergories/>

## 3. Solve a wordsearch

- Choose one of the *Wordsearches* to solve. You could try to solve both.
- If you work on Wordsearch 1 then look up the meaning of the three words that you think sound most interesting. Use a book dictionary or <https://www.collinsdictionary.com/dictionary/english>.
- Use the *Wordsearch design* to make your own wordsearch. Think of a set of words. Write them in different places on the grid. Fill the rest of the grid up with random letters.
- Give your wordsearch to somebody else to solve.

## Strange Sentences

**A big cat does everything first.**

**All bananas can dream easily.**

**For good happiness, I just kick little meteors.**

**My new orange parrot quietly rests so the unknown viper will x-ray your zoo.**

**a b c d e f g h i j k l m n o p q r s t u v w x y z**
